

**AUTHORIZATION FOR METER INSTALLATION
AND
METERED BILLING**

NOTE: Once I have chosen meter installation and metered billing I am not able to revert back to flat rate billing.

I have read and understand the attached resolution regarding the District's policy on Voluntary Metered Billing and consent to meter installation and metered billing for the following property:

Name:

Property Address:

Parcel Number:

Telephone Number:

Signature:

The bimonthly billing for the above referenced property will be billed based on the following bimonthly metered water rates:

1. the current Fiscal Year Bimonthly Service Charge; and
2. the current Fiscal Year Commodity Rate

The new billing rate will be adjusted on the next complete billing period following the completion of the work by district staff. The first billing cycle will be a full metered billing and the district will not prorate the billing between flat rate and metered rate.

PLEASE MAIL COMPLETED FORM TO:
Carmichael Water District
7837 Fair Oaks Blvd.
Carmichael, CA 95608
